Spring is in the air!

Okay, okay, I am hoping that Spring is in the air, soon, please. This past month marked the first over-break workshop, it was a tremendous success, thanks to my participants!

Need SMART Board Training?

I will be offering one SMART Board class over the March break. All slots are taken but I do have a waiting list. Also, there is one SMART Board Bootcamp 24/12 in July. A whole day training is ideal for everyone to have time to experiment.

My SMART Resources

([Please click here](#)) can also be found on the CCSD Website under Staff > Software Support > Ed Tech Resources. I will continue to post to help you in your technology endeavors.

[Florida Center for Reading Research](#)

Created CCSS aligned Student Center Activities for use in kindergarten through fifth grade classrooms. Please check it out!

24/12 Class Offerings

Digitize Me

This class is designed to give teachers the needed direction to use the following tools for the upcoming school year: -Remind 101 -Poll everywhere -Weebly for class websites -Class Dojo for behavior (positive reinforcement) and Google Docs.

SMART Board Next Evolution

The class is designed to review the more advanced operations of SMART Notebook Software and then to provide assistance with creating and mapping out SMART Lessons for the beginning of the year.

SMART Board Boot Camp

This one day course is designed specifically to help the novice user to immediately start using their SMART Board. Participants will become familiar with Notebook v. 11 as well as the basics of Board operation, troubleshooting, and maintenance.
